

Department of Computer Science

Minor Application Form

Students must submit this form to apply to be computer science minors. Enrollment in upper division computer science courses is limited to computer science and integrated science majors or minors.

Students seeking computer science minor status should apply **as soon as possible but not later than** the semester prior to the semester in which CS 240 or a 300- or 400-level computer science course is to be taken. Normally, students will apply during the semester in which they are taking CS 239. **Students who fail to apply before the last day of classes may be dropped from their computer science courses the following semester.**

You must meet with the Computer Science minor advisor (see www.cs.jmu.edu/contacts.html) before you can submit this application.

| Major: | | Concentration (if any) |

A computer science minor requires CS139, CS 239 and four (4) CS courses at the 300 level or above. Cross listed courses at the appropriate level may be counted towards fulfilling the requirement (e.g. ISAT/CS 344 or ISAT/CS 345). You **may** substitute either CS 240 or CS 228 or both for CS courses at the 300 level.

In the table below, indicate all applicable courses you have completed or are in the process of completing (i.e. **CSxxx** or **CS/ISATxxx**). If you have taken a course more than once, provide information on each time the course was taken (even if it was taken repeat-forgive). Courses for which you have received a grade of 'W' must be listed. Leave the field for **Grade** blank if the course has not yet been completed.

| Course # | Semester/Yr Taken | Grade |
|----------|-------------------|-------|
| CS 139 | | |
| CS 239 | | |
